

ALGER TO PREFER GRAVE CHARGES

HAS SATISFIED HIMSELF OF CAMP ABUSES.

He Will Hold the Officers in Command to a Rigid Accountability—Evacuation of Porto Rico By the Spanish In Progress—War Miscellaneous.

Washington, Sept. 22.—[Special]—From what can be learned here it is evident that Secretary Alger has had a thorough awakening as to the management of the military camps of the country, and he is said to be highly indignant over what he has seen on his present tour. He finds that sanitary precautions have been almost totally neglected by the commanding officers and medical staff, and has come to the conclusion that a great part of the sickness and the mortality that resulted from it was caused by shameful neglect. The secretary is naturally indignant, the more so as he had been led to suppose by the reports of commanders of camps that all proper safeguards against disease had been adopted. He threatens to make some one suffer, and will personally give evidence before the committee on the conduct of the war that will result in bringing some of the offenders to justice.

WILL NOT HURRY EVACUATION

This Government Is Not Anxious to Occupy Cuba Till Yellow Fever Leaves.

Washington, Sept. 22.—[Special]—There is no truth in the reports of impending difficulty relative to the occupation of Cuba by American forces. Everything relating to that matter is moving along satisfactorily. This government is not urging the Spanish evacuation for the reason that it has no desire to send troops to the island for at least six weeks, when the climatic conditions will be more favorable. The yellow fever season is now on, and an American occupation would result in the sacrifice of many soldiers' lives. The administration is anxious to avoid this, and will be willing that the Spaniards remain until the beginning of November. By that time it will be safe to send a sufficient force of Americans to Cuba to preserve order and protect the interests of this government.

Washington, Sept. 22.—[Special]—The president has given an intimation that he has decided to postpone the occupation of Cuba until cooler weather sets in, and all danger of yellow fever at Havana is past.

JEALOUS OF EACH OTHER

The Army and Navy Do Not Appear to be on Cordial Terms.

Washington, Sept. 22.—[Special]—There are occasional outcroppings here of a widespread jealousy between the army and the navy. The latter have received the lion's share of the credit for the conquest of the Spaniards, but this has been because the opportunities presented to the navy have been greater than those the army enjoyed. While this jealousy is widely prevalent, the better classes of both branches of the service are doing all they can to stifle it. Yet the scandals connected with the army management threaten to give the naval officers possessing more class pride than patriotic discretion an opportunity to exalt themselves at the expense of the military that will be eagerly seized.

REFORMS IN TRANSPORTATION

The System to Be Thoroughly Reorganized for Future Emergencies.

Washington, Sept. 22.—[Special]—Steps are to be taken immediately towards the reorganization of the transportation service for the army, especially that by water. The defects of this system pursued during the recent war are fully appreciated. No one is blamed for the inefficiency of the service, for whatever faults existed were the results of inexperience rather than mismanagement. With the improvements in contemplation another war in foreign parts will find us fully equipped with transports adequate for every need upon which the soldiers will receive the best of care, and land from their voyages in the pink of condition.

INVESTIGATION TO BE THOROUGH

Those Guilty in the Conduct of the War Will Be Punished.

Washington, Sept. 22.—[Special]—There is every confidence felt here that the investigation of the conduct of the war will be thorough and fair. The committee selected is one that will command the public confidence. All are men of high character, incapable of any act of injustice or of partiality towards any man because of his official position. The president has exercised great care in their selection, for he realizes the importance of remedying the evils that have caused so much scandal, and may seriously impair the military arm of the service.

FROM CAMP AND FIELD.

Brief Mention of Events Related to the Recent Conflict.

Camp Wikoff, Sept. 22.—[Special]—Six deaths were reported this morning. Washington, Sept. 22.—Gen. Brooke cables the war department this morning that eight hundred troops have embarked from Pondre for Spain. Washington, Sept. 22.—[Special]—Secretary Gage says he doesn't see any

reason why the war taxes should be abated at present. Heavy expenditures are yet to be met.

LEAVING PORTO RICO

Spanish Soldiers Sail For Spain—Good Advice From Consul Hanna.

San Juan, Sept. 22.—[Special]—The transport San Francisco sailed for Spain yesterday with eight hundred soldiers on board.

United States Consul Hanna advises all Americans to stay away from Porto Rico until the United States laws are in force.

BRYAN AT WASHINGTON.

Wants Some of His Sick Soldiers Mustered Out of Service.

Washington, Sept. 22.—[Special]—Col. Bryan called at the war department this morning to see about the mustering out of the sick soldiers of his regiment. He refuses to say whether he will resign his command or not.

IS BECOMING A NATIONAL ISSUE

EXCITEMENT OVER DREYFUS CASE CONTINUES.

Committee on Revision Will Probably Report on Monday—Belief that the Trouble Will Result in a Military Dictatorship—The Picquart Case.

Paris, Sept. 22.—[Special]—The newspapers, in discussing the latest developments in the Dreyfus case, agree that the situation has assumed a very grave aspect. Great anxiety is felt.

It is expected that the decision of the Dreyfus revision commission will be rendered on Monday.

Paris, Sept. 22.—[Special]—The Dreyfus case is becoming very grave. The arrest and confinement of Picquart is thought by many to be the first step toward a military dictatorship. The army will attempt to prevent a revision of the case, cost what it may. Le Martin claims to have authentic information that Dreyfus' name was not once mentioned in the entire mass of documents that were submitted in evidence against him.

It is generally admitted by the press that Dreyfus has been a greatly maligned man, but fear of involving

FOUR YEARS FOR THOMAS MALBON

PLEADS GUILTY TO CHARGE OF ARSON.

Judge J. W. Sale Gives Him the Minimum Sentence For Such Offences—Has Been At the Insane Asylum—Set Fire to Luck's Tobacco Shed to Get Even.

What pleasure and satisfaction Thomas Malbon got in setting fire to the John Luck tobacco shed on the night of Sept. 19, 1898, cost him four years in the state prison at Waupun.

In the municipal court this morning that was the dose that was dished up to Malbon, and on the noon train he left in charge of Sheriff Acheson to begin his four year contract for the state of Wisconsin.

An Odd Character.

The prisoner is a middle aged man, unmarried, and one who has made Janesville his home for several years past. Friends who have known him since his residence in this city say that Malbon is a little off in his head, and that he has been to the state asylum for medical treatment. His occupation has been anything that he could get to do, and any odd jobs on a farm seemed to be his specialty. John Luck, who resides on

the premises was made. Near the shed was found the bottle in which the kerosene was brought in. That clew was all that was needed, and that same day Malbon was lodged behind the bars. Before night he made a full confession, saying that he did it to get even with Luck, who, he said, had not treated him just right.

Confessed His Crime

To remain in jail for several days to await trial was considered by the prisoners just that much time wasted, and yesterday he notified District Attorney Jackson that he wished to plead guilty and take his medicine.

This morning to the charge of arson he pleaded guilty in the municipal court and was given the minimum sentence of four years. Malbon says that while at Waupun he hopes to learn a trade and come out into the world a wiser and much better man.

IT WILL BE PERMITTED

Belief That the Courts Will Not Interfere With the Corbett-McCoy Fight at Buffalo.

Buffalo, N. Y., Sept. 22.—[Special]—President Numan of the Hawthorn club issued a statement today in which he declares the courts will pass favorably in the matter of allowing the Corbett-McCoy fight in this city and that the battle will take place no later than Oct. 25.

CARLOS IS THREATENED

Anarchists Propose to Kill the King of Portugal, and Precautions Are Taken.

London, Sept. 22.—[Special]—A Lisbon dispatch says elaborate measures have been taken to protect royal residences at Cintra and Cascares. It seems that the authorities have been warned of a plot to assassinate King Carlos. The anarchists are behind the plot.

MAY YET FIGHT IT OUT

New Complications in the Boundary Dispute Between Chili and Argentina.

London, Sept. 22.—[Special]—Late dispatches say the boundary dispute between Chili and Argentina has broken out afresh, and the situation is rapidly becoming untenable.

London, Sept. 22.—[Special]—Chili has sent an ultimatum to Argentina according to a dispatch from Buenos Ayres. Chili has given Argentina five days in which to accept unrestricted arbitration in the boundary dispute.

Disastrous Floods in China and Japan Cause Great Loss of Life and Property.

Vancouver, Sept. 22.—[Special]—Disastrous floods have occurred in Japan and China. Many hundred lives were lost, and more than a hundred thousand are homeless.

A VALUABLE DOG POISONED

Walter Taylor is Mourning the Loss of a Trusted Bulldog.

Walter Taylor, who resides on Chatham street, would like to lay his hands on the person who had the nerve to throw poisoned meat into his yard last evening, for his favorite bulldog to partake of. The dog ate the meat, and died a short time afterwards.

Mr. Taylor kept his dog in the rear of his house, and the animal bothered no one. A high-board fence separated his yard from the adjoining property, and to get the meat to the dog the poisoner was obliged to go to extra trouble. In case the brute is detected he should be given the same hearty reception that awaits the horse thief in the west. If one must get rid of man's best friend, there are plenty of ways more humane than the poisoning route.

PRESBYTERIANS END THEIR MEETING

MADISON PRESBYTERY CONCLUDES ITS BUSINESS.

Changes in the Location of Clergymen Noted—An Interesting Missionary Meeting Last Evening—Address By Rev. Mr. Ely, of Rockford, Proves of Great Interest.

At the session of the Madison Presbytery yesterday, Rev. B. B. Bigler was received into this Presbytery from the Crawfordville Presbytery, he being the new pastor of the Madison church; Rev. C. G. Sterling was transferred to the Cedar Rapids Presbytery; Rev. A. Hilkeman to the Freeport Presbytery, and Candidate R. B. Norton to the Winnebago Presbytery. Licentiate Norman Harrison was dropped from the roll. Rev. H. O. Bethel accepted the Monroe charge. Candidates R. A. Riddick and A. A. Amy were examined, and licensed, and Marcus P. McClure was received from the Iowa Presbytery, examined and ordained. He accepted the pastorate of the Kilbourn City church, and later complete arrangements were made for his installation. Herbert Whitlock and Daniel G. Williams were received into the care of the Presbytery as candidates for the ministry.

The Cause Of Missions

Rev. N. Sulzer, of Boscebel, requested that his name be dropped from the roll of ministers of the church, as his doctrinal belief has recently undergone a change. His request was granted.

The missionary meeting in the evening was largely attended. Rev. E. B. Rigler, of Madison, spoke on "The Missionary Uprising of the Young People," referring particularly and in terms of high commendation to the work they had accomplished in home fields in the distribution of the bible.

Rev. Charles E. Dunn, of Freeport, Ill., delivered an address on "Missions." He attributed the lack of interest among the majority of church members in missions to their ignorance of the work that is being accomplished. There are three attitudes that church people assume toward missions, the attitude of perfect indifference, the attitude that convinces one that there is no need of missions, but that ethnic progress will finally enable the heathen nations to enlighten themselves, and the third and only commendable attitude of belief in mission. Those who take the last attitude have faith in men and faith in God that He will redeem His promises and make His name known in every land.

Reports Received.

Reports were submitted of the board of aid for colleges and academies, of the Sunday school missionary and of the Sunday school were read and accepted. Resolutions were adopted endorsing the twentieth century movement, and commending the fidelity of the Sunday School Missionary, Rev. James M. Bain. At his own request Rev. J. M. Campbell was relieved of the chairmanship of the Sunday school committee, after four years of effective labor, and Rev. J. L. Francis was appointed in his place.

Appeals on behalf of Poynette Academy were made by Rev. L. E. Holden and E. H. Pence.

The pastor and people of the Janesville church were thanked for their entertainment of the delegates.

Today's Session.

The Presbytery met for devotions at 8 a. m. Prayer service was led by the Rev. J. W. Francis, of Richland Center, Dr. E. S. Scott, moderator, took the chair at 8:30 o'clock.

No matters of importance were before the body, and after clearing the docket, the Presbytery indulged in an informal discussion of home missions in the state of Wisconsin, and the future policy of synodical supervision. The Wisconsin synod meets at Milwaukee October 11. Matters of great importance to Presbyterianism in Wisconsin will be discussed and decided there.

Rev. C. L. Richards, of Baraboo, chairman of the Home Mission committee, is held in highest estimate for his great fidelity and high order of talent.

The Presbytery meets next April at Lodi, Rev. J. M. Campbell, pastor. At that time the Woman's Missionary society will meet. The meetings of the Madison Presbytery have been devoted strictly to business, an immense amount of which has been transacted.

SOME OF THE LEADING CHARACTERS IN THE DREYFUS AFFAIR.

Mme. Dreyfus has been tireless in her labors to prove her husband innocent of the charge of selling French military secrets to another power and to procure his release from the Ile du Diable. M. Zola, the world famous novelist, in his efforts to clear up what he considers an infamous plot to ruin Dreyfus and drive Hebrew officers from the French army, was sentenced to a fine and imprisonment for criticising the court martial that condemned Dreyfus. Colonel Paty du Clam, according to the friends of Dreyfus, was one of the conspirators against the unfortunate captain, and M. Sarrien is the French minister of justice.

Mineral Point avenue, and raises leaf tobacco each year, hired the prisoner to work for him some time ago. According to Malbon he was not treated just right by Luck, so he thought the best way to get even with him was to set fire to his leaf tobacco shed, which is located on the Mineral Point avenue premises. Malbon, after laying all his plans, went to the grocery store of Skelly & Wilbur, where he purchased a quantity of kerosene. This he poured on the shed at about midnight on the night of September 18. The flames were just getting a good start, when passers-by noticed the fire and extinguished the blaze. The shed was filled with leaf tobacco, and had the building been destroyed the loss would have been considerable.

Worked up the Case.

Chief Hogan was notified, and the following morning a close investigation of

RAIN RUINS STATE FAIR PROSPECTS

FEW PEOPLE ARRIVED AT MILWAUKEE THIS MORNING.

Track in Bad Condition and Speed Trials Will Have to Be Abandoned—Gov. Scofield Delivers a Brief and Appropriate Address For State Day.

Milwaukee, Sept. 22.—[Special]—The rain, which set in at midnight, seems likely to ruin the prospects of the state fair. Very few people arrived from the state at large on the morning trains, and the grounds were almost deserted. The races on today's program have had to be abandoned, and it is not likely that the track will be in fit condition for speed trials tomorrow even if the skies should clear this evening, which does not seem probable.

Yesterday was State day, and thousands of visitors from all over the state filled the buildings, the grounds, and the grand stand.

The chief feature was the address by Governor Scofield, in which he treated the situation in Wisconsin as follows:

"My Friends: There is one thing that abounds in Wisconsin this year, and that is prosperity. One need not go further than this great state fair to know that Wisconsin has this year produced enormous crops of all kinds. Every nook and corner of this state reports large crops, good markets for products and better times. This means a continued improvement of the condition of the farmer, and as his industry and success lie at the foundation of all material success in our country, it gives promise of good times to all. If the happiness of the people depended solely upon material conditions, then we might well claim today to be the happiest people in the world."

Important, however, as material prosperity is, we cannot depend upon it for the truest happiness. We are a thinking people. We cannot forget that this state and our whole country have just emerged from the depths of industrial depression, nor that we have just passed through a period of war, which necessarily has brought grief and distress to thousands of people in this land."

LADIES GOLF FOR A MEDAL

Handicaps Arranged in the Valentine Trophy Contest—First Game Friday.

Eleven members of the St. Louis Golf club qualified for the Valentine trophy by turning in scores for three rounds. These eleven have been handicapped and the handicapping committee have prudently sailed for Porto Rico.

The difference in play is so equalized by handicaps that an interesting contest is assured. The handicaps are for two rounds or twelve holes of match play. Under this arrangement a handicap of twelve strokes amounts to one stroke a hole. Where a smaller allowance is given the strokes are to be used at the longest holes. The players and their handicaps are as follows:

Miss Lizzie Schieker	Scratch
Miss Nellie Ransom	18
Miss E. E. Piffard	10
Mrs. J. P. Baker	16
Mrs. C. L. Piffard	10
Miss Jennie Baker	10
Miss Agnes Shumway	15
Mrs. W. A. Jackson	12
Mrs. C. P. McLean	18
Miss Lou Kent	12
Miss Max Valentine	16

The first match will be played Friday afternoon. Three couples have been drawn for the first day's play. The couples are:

Mrs. J. P. Baker and Mrs. W. A. Jackson.
Mrs. C. P. McLean and Miss Baker.
Miss Valentine and Miss Shumway.
The handicap of each match is determined by deducting the smaller allowance from the greater. Mrs. Baker, therefore, has a net allowance of four strokes. Mrs. McLean of eight strokes and Miss Valentine of four strokes.

HAVING A TIME IN ST. LOUIS

Local Carriage Builders Are Attending the National Convention of their Craft.

Herman F. Buchholz, president of the Janesville Carriage Works, has been in St. Louis this week in attendance at the twenty-sixth annual convention of the Carriage Builders' National Association.

There are over a thousand delegates in attendance, and St. Louis is doing all in her power to show them a good time. They attended the theatre in a body, and also the Exposition. The night was set apart for them by the Exposition management as "Carriage Builders' night."

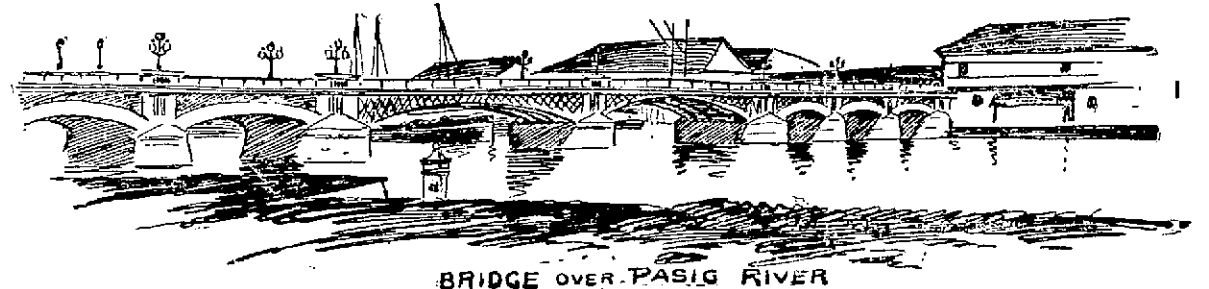

This evening is the grand annual banquet at the Southern Hotel. Five hundred covers will be laid.

The convention proper ends tonight, but most of the delegates will remain

THE LINE CITY CYCLERS HERE

Beloit Will Send Nothing But Their Best for the Races.

In speaking of the coming bicycle race meet to be held here at the driving park next week Friday, the Beloit News says:

"Frank Van Wart, of this city, has been chosen referee, and the following have reported to him thus far: Leon Chilcott, O. R. Foster, P. S. Larson, Walter Gowing and John Daly. Chilcott has a record of 2:08 1/2 paced, and Foster has done as well. Larson has never raced, but is a strong, fast man. In the individual races Beloit will have representatives that should win against the field offered."

Evansville will send a triplet team and has challenged Beloit. Referee Van Wart is puzzled to know who he shall enter in this race, as Beloit's strongest riders are to participate in other events, and would not be in condition to enter the triplet contest. Evansville's triplet team will not ride in other races and will be fresh for the race.

Penbody, of Chicago, who is recognized as the fastest amateur in the world, is to compete, as well as Colter, of Milwaukee, who is a speedy man and has been beaten but once this season.

CAN'T RUN ON TWO TICKETS

Supreme Court Renders a Decision of Interest to Fusion Candidates.

Madison, Wis., Sept. 22.—The supreme court of Wisconsin handed down an opinion yesterday holding that a candidate for office in this state cannot have his name printed in more than one place on the official ballot. This means that J. F. Schindler, of Milwaukee, who a couple of weeks ago was nominated for insurance commissioner by both the democratic and populist state conventions, will have to withdraw from one of the tickets.

The question came before the supreme court on an appeal by Carl Runge, candidate of both the democratic and populist parties for city attorney of Milwaukee, from a decision of the lower court quashing a writ of mandamus compelling the city clerk of Milwaukee to print his name on both tickets.

The supreme court's decision is of sweeping effect, as many candidates for minor offices throughout the state have recently been nominated by two parties.

THIS DAY IN HISTORY.

19 B. C.—Virgil, the Roman poet, died.
1565—Battle of Zepheron; Sir Philip Sidney mortally wounded.
1604—Surrender of Ostend, in Flanders, to the Spaniards.
1761—Coronation of George III of England.
1776—Nathan Hale executed at New York.
1828—Major Theodore Winthrop, author and soldier, born; killed at Big Bethel, Va., June 10, 1861.
1862—President Lincoln issued his warning proclamation of emancipation, which was perfected Jan. 1, 1863, freeing the slaves in all states in rebellion at the last named date.
1897—General Bourbaki, noted French leader in the war of 1870, died at Bayonne, France.

FROG STORY APPLIES

The three men composing the democratic ring in Rock county would remind a person of the frog story that Ex-Governor Heard told during the last campaign. A man contracted with a hotel keeper to furnish him with 50,000 pairs of frog's legs. The contractor wanted to agree to furnish more than that number, but the hotel man didn't need them.

"I guess you will have your hands full filling that order," said the landlord, "Oh no," said the contractor, "I know where there are millions of frogs."

Two days later the contractor showed up at the hotel with half a dozen pairs of legs.

"These were all I could get," he said. "When I heard the frogs 'hollerin' at night I thought there were ten millions down there in the swamp. When I got down there, however, I only found these six old patriarchs."

The democratic ring makes a good deal of noise, but when you come to run the hue and cry down, you will find that three men are doing all the shouting. They made the ticket, and it suits them, but the people were not consulted. Hence they do not enthuse.

FUSION KNOCKED OUT.

The cherished fusion plan of Wisconsin democrats and populists has been "knocked out" by the supreme court, which tribunal rules that the same name cannot appear in two places on the official ballot. For this reason J. F. Schindler cannot be the candidate of both democrats and populists, although the conventions of both parties nominated him for insurance commissioner. He must now decide under which flag he will serve. As he has been a populist leader for some time, it is thought that he will espouse the cause of that party, and quit democracy.

The game law, as it now stands, forbids the use of a boat "outside of the natural cover of weeds and rushes"—that is, in the open water. Thus "sculling" on ducks is forbidden. Whether or not the law will "prevent" the practice, remains to be seen.

The Milwaukee Journal says: "The Janesville Gazette is now printed from new type and it presents a very handsome page. The Gazette is a progressive paper, and one of the leading business institutions of Janesville."

Volunteers can no longer get a discharge through a congressman. They must send applications direct. A letter to the adjutant general must be given to the captain, and pass through all headquarters.

The efforts of the three men who compose the Rock county democratic ring or triangle, rather—to control the republican voters of Rock county, are highly amusing, and of course, equally useless.

The state board of equalization has increased Rock county's valuation from \$20,196,941 to \$21,404,542.

The stars and stripes again float in Havana, for the first time since General

Lee's departure. The flag was raised over the headquarters of the American evacuation commission.

Chicago "reform" seems to be much of the same sort, no matter who is responsible.

Light on Bridgeport Murder.
Bridgeport, Conn., Sept. 22.—A new development in the Yellow Mill pond mystery was made known Wednesday with the announcement of the arrest in Hartford of Walter C. Foster. The police have reached the conclusion that the young woman whose dismembered corpse was found in the pond last week was Emma Gill, daughter of Harry Gill of Southington. Young Foster is accused of having been an accomplice in the murder of Miss Gill.

McKinley Delays His Trip West.
Washington, Sept. 22.—The president has decided to postpone his departure for the west until the second week in October, giving himself only time to reach Omaha by the 12th. The original program contemplated an earlier start and a visit to other places before arriving at Omaha. He has received invitations to many other points while on his tour, but so far has definitely decided only to go to Omaha Oct. 12 and to Chicago Oct. 17.

Veterans Go Wild Over Shafter.
Sturgis, Mich., Sept. 22.—Gen. Shafter came to Constantine, fifteen miles northwest of this city, Wednesday to attend the reunion of the Nineteenth Michigan infantry, of which he was colonel in the war of the rebellion. His arrival was hailed with delight by the veterans, who shouted until they were hoarse in order to display how happy they were to see him again after his long absence. Many had not met him since 1865.

Keep Non-Union Men from Work.
Cleveland, O., Sept. 22.—Another ineffectual attempt was made Wednesday by the officials of the American Wire company to take non-union men into the mills. Fifteen non-unionists marching from a street car to the plant were met by 150 strikers and driven away. The police refused to arrest any of the strikers.

President Gilman Declines.
Baltimore, Md., Sept. 22.—The announcement is made here that President Gilman of the Johns Hopkins university has declined to serve on the committee appointed by the president to investigate the conduct of the war.

Favors Plan of the Czar.
Yokohama, Sept. 22.—The Japanese government has replied to the czar's circular proposing universal disarmament, expressing approval of the plan and promising to support it.

May Take the Khyber Pass.
London, Sept. 22.—There is a growing belief in Indian circles here that Khyber pass, from Afghanistan into India, will shortly be taken possession of by Great Britain.

Murder Mystery in Chicago.
Chicago, Sept. 22.—The remains of a young and pretty girl which were found floating in Lake Michigan at the foot of Thirty-sixth street yesterday afternoon were identified by her sister as those of Jennie Hickey, 13-year-old daughter of 747 Thirty-sixth street. The condition of the body and the place where it was found convinced the police that the girl was the victim of a murder. Thomas Rutledge, 18 years old, has been arrested on suspicion.

Four Killed in Train Wreck.
Lima, Ohio, Sept. 22.—The first section of north-bound freight train No. 52 on the Cincinnati, Hamilton and Dayton Road, which left here at 6:20 o'clock, was wrecked last night at the Detroit and Lima northern crossing, two miles south of Leipsic, and the entire crew of four men killed.

Scottish Rite Masons Hear Reports.
Cincinnati, Sept. 22.—The supreme council of Scottish Rite Masons Wednesday devoted its time to the consideration of the annual reports. All the officers and members were present in executive session from 9 a. m. till 2 p. m., after which an excursion on the river was enjoyed.

G. A. R. Tribute to Miss Davis.
Narragansett Pier, R. I., Sept. 22.—Mrs. Jefferson Davis received the offer Wednesday for an escort for the remains of her daughter from the hotel to the railway station from the commander of the local G. A. R. post. The offer was accepted.

Second May Go to Cuba.
Jacksonville, Fla., Sept. 22.—The Second Illinois received the rumor of immediate embarkation for Cuba with cheers. Orders have been received to equip the entire camp with rations and ordnance, which looks like going at once.

JUDGE M. M. PHELPS NEAR DEATH'S DOOR

**INJURY SUFFERED JULY 21
LIKELY TO BE FATAL.**

His Brain Has Been Affected and For the Greater Part of Three Days He Has Been Unconscious—Physicians Believe That His Recovery Is Impossible.

There is every reason to fear that Judge Phelps will never again occupy his seat in the municipal court.

During most of the last three days he has been unconscious. His death is believed to be inevitable.

When Judge Phelps was picked up from the Monterey crossing Thursday night July 21 it seemed hardly possible that he could survive. His right leg was fractured above the knee, his jaw was broken on both sides, his head was cut badly and there were indications of serious internal injuries.

He had been returning on a bicycle from his farm in the town of Rock. Reaching the Monterey crossing he failed to notice an approaching train. The Madison-De Kalb train, running at high speed, struck him and threw him from his wheel.

His great vitality helped him to recover from the shock, and he seemed to be making a quick recovery. It is now apparent, however, that the injury has affected his brain. For several days he has been unable to recognize those about him. Several consultations of physicians have been held, with the same decision in each instance, that recovery hardly would be possible.

DEATH OF NOTED HORSEMAN

Col. William Edwards, of Cleveland, Expires Suddenly

H. D. McKinney received the sad news of the sudden death of one of his most intimate friends, Col. William Edwards, of Cleveland, Ohio. Mr. Edwards was one of the most widely known and popular business men in America. He was a great lover of fine horses and has been closely identified with breeding and turf affairs for a generation. For more than twenty-five years he had been president of the Cleveland Driving Park Association and president also of the noted Cleveland Club. No man in America will be more missed by the breeders, road riders and turfmen. President McKinley, Secretary Sherman and Senator Hanna were among his intimate friends.

GAVE AN AFTERNOON TEA

Friends of Mrs. and Miss Richardson Entertained at Their Home.

Mrs. Hamilton Richardson and daughter, Miss Sarah Richardson, were the hostesses at a delightful afternoon tea given today at their spacious Prospect avenue home. The threatening weather of the afternoon seemed to have had but little effect in keeping the invited guests away. The rooms where the guests were received and entertained were prettily decorated with flowers, and presented a handsome and inviting appearance. A tempting repast was in order, and the afternoon proved one of much enjoyment.

CAN'T REACH AN AGREEMENT

No Arrangements For a Football Game With Chicago Yet Reached

Manager John Fisher, of the Wisconsin football team, met Manager Ralbach, of the Illinois eleven yesterday afternoon at the Leland hotel in Chicago to arrange a football game and fix details for it. Nothing definite was settled, a disagreement serving as reason for a two days' postponement. Perplexity surrounding the hazy situation among the colleges at present and what appeared to them the doubtful outcome of it were the chief causes for the failure to come to an understanding.

HOG CHOLERA IS NOW RAGING

A Farmer at Plymouth Loses His Entire Herd by Disease.

Hog cholera is prevailing to an alarming extent in some portions of Rock county, and farmers are sustaining losses. Bell Hutton, of the town of Plymouth, has just lost his entire herd, valued at \$500, by the disease. This herd had passed safely through a previous epidemic, and Mr. Hutton had supposed they were immune. They all died within a few days, and efforts to save them were of no avail. Other farmers in the vicinity report several losses, but none are as heavy as Mr. Hutton's.

THOSE WHO WILL PLAY BALL

Line-Up of The Home Team That Will Try Conquests With Detroit.

Manager Cunningham, of the Y. M. C. A. base ball team, announced the following players this afternoon who will represent Janesville in the game tomorrow with the Detroit:

Notice

To subscribers for tickets to Y. M. C. A. lecture course:

The Y. M. C. A. lecture course committee will commence delivering tickets for the course on Saturday of this week, and desire to ask all who have subscribed for tickets to be ready to take them at this time.

Attention Co. A.

All government property must be turned in at the armory by Monday next. Per order

CHAS. L. HANSON, Capt.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

MUST TAKE CARE OF VOLUNTEERS

**NORTHWESTERN OFFICIALS
WILL LOOK AFTER THEM.**

All Employees Instructed to Give Them Every Attention at Depots and On Trains—If They Need Food Or Medical Attention It Will Be Furnished.

The following circular has been issued by General Manager Whitman to all conductors and agents of the Chicago & Northwestern railroad:

"You are instructed that special care and attention are to be given to the comfort and welfare of returning soldiers of the United States army enroute from the camps to their home, either on far-lounges or final discharge, while upon the trains or at the stations of this company. You will be diligent in ascertaining if any such are in need of food, and more particularly if they are ill and need medicine or medical care and attendance; and, if satisfied of their identity, either by the uniform or the identification of proper papers evidencing their discharge or furlough, you will see that their needs are supplied and all possible care and assistance rendered to them while upon this company's lines."

At 4 o'clock this afternoon the first of three sections of soldiers arrived in the city on the Northwestern road. They belong to Minnesota and are on their way home from the south.

He Didn't Mind.

The other afternoon a certain workman, living in the south of England, released a number of young pigeons for the first time. One of the birds failed to return to the cote at night, and a search was instituted. Eventually the wanderer was discovered perched on a high roof of a neighbor's house. Securing a couple of very frail ladders the owner of the pigeon bound them rather clumsily together, and proceeded to mount to the roof at the imminent risk of his neck.

One of the bystanders recognized the danger and called out: "Hi! come down! Those ladders will never bear your weight." Though the man heard he heeded not. "Do you hear?" continued the well-meaning friend. "You'll break your neck. The ladders are giving away now." At this the man paused, and glared down at the anxious bystanders. "Oh, shut up," he growled. "Wot have you got to do with it? My neck's my own, so's that pigeon, and," he added, as if that settled the matter, "these ladders isn't."

—Punch.

Peruvian Whistling Jugs.

The silvadors or musical jugs found among the burial places of Peru are most ingenious specimens of handicraft. A silvador in the William S. Vaux collection at Philadelphia consists of two vases, whose bodies are joined one to the other, with a hole or opening between them. The neck of one of these vases is closed, with the exception of a small opening in which a clay pipe is inserted leading to the body of the whistle. When a liquid is poured into the open-necked vase, the air is compressed into the other, and in escaping through the narrow opening is forced into the whistle, the vibrations producing sounds. Many of these sounds represent the notes of birds; one in the Clay collection of Philadelphia, Pa., imitates the notes of the robin or some other member of the thrush tribe peculiar to Peru. The closed neck of this double vase is modeled into representation of a bird's head, thrush-like in character.

A Natural Conclusion.

The Philadelphia Record prints an amusing story of the late President William H. Allen of Harvard college and a lady of more inquisitiveness than intelligence. On one occasion a business matter called Mr. Allen to a small town in the central part of Pennsylvania. While sitting in the parlor of the country hotel in the evening after transacting his business he was taken in hand by the wife of the proprietor, who wanted to know all about his private affairs. Mr. Allen took it all in good part for a time was rather amused. Finally she asked: "Have you much of a family?" "Oh, yes," said he, and he smiled as his mind reverted to his hundreds of pupils. "How many children?" she persisted. "Well," said Mr. Allen with great earnestness, "I have 500 and all boys!" The good lady was speechless for a moment. Then she arose and, hurrying to the door, called softly to her husband: "Oh, John, come in here! We've got Brigham Young stoppin' with us!"

Twelve Bridesmaids.

Some new ideas in wedding novelties come from Berlin, where a daughter of one of the Emperor's aides-de-camp was married to a man of high position. The bridesmaids were twelve, and each was escorted, so that there were twenty-four immediate attendants upon the bride. She wore a myrtle wreath in place of the usual knot of orange blossoms. Her bouquet was roses and lilies, a gift from the Emperor himself. The bridesmaids were in full dress, without hats or bonnets. The Emperor kissed the bride's hand when the ceremony was over, and was one of the guests at the supper. The menu included spring soup, plovers, eggs, omelette, lamb, ham, truffles, chickens, lobster salad, asparagus, strawberry ice, cheese, sandwiches and dessert. The bride and bridegroom did not hasten away from the reception in the usual fashion, but waited until every guest had gone before taking their departure.

SAYS THE CAMP IS WELL MANAGED

**GUS. CUSTER RETURNS FROM
CAMPAIGN IN CUBA.**

Was at Camp Wikoff and Says Charges Against Its Management Are Unfounded—Is Visiting Old Friends in Janesville, Where He Once Lived.

Gus Custer, a former Janesville boy who has been on the island of Cuba as member of the Fourteenth Regulars of St. Louis, is now in the city greeting his local friends. Mr. Custer was at Santiago, and has many interesting stories to tell about that city and the surrounding country. From Cuba his regiment was sent to Camp Wikoff. This camp, he says, is a well regulated one, and the stories that have been going over the country are anything but true when they referred to the soldiers not being treated rightly there, in not not getting enough to eat and medical attention.

Mr. Custer while a resident of this city worked for F. M. Marzuff & Company.

How to Preserve the Teeth.

A very little time spent each day in the care of the teeth will more than amply repay one for the trouble that may be taken. White teeth are within reach of everyone, and it is only the people who object to taking any trouble who suffer from this neglect. It is not only personal appearance that is concerned, but also health, as indigestion and various other ills follow in the train of badly kept teeth. Everybody should consider it a duty to brush the teeth twice a day at least, in the morning and evening. Some people who are noted for the beauty of their teeth brush them after every meal; while if a man who is a smoker makes a point of brushing them after every pipe he indulges in he will avoid that yellow tint so frequently seen on the teeth of inveterate smokers, besides keeping that disagreeable smell of stale tobacco at a distance.

SPAIN FEARS AN UPRISING.

Unfortunate Country Menaced by Her Own Subjects.

CARLISTS ARE THREATENING.

Declare They Will Take Up Arms as Soon as the Peace Treaty is Signed—Admiral Cervera Cheered on His Arrival Home.

Madrid, Sept. 22.—Because of the threatening attitude of the public the committee which had been appointed to publicly receive Admiral Cervera has been ordered to desist in order to avoid a popular counter manifestation.

The independent press has begun a campaign in favor of a reduction of expenses in the naval personnel.

Many persons who have never before advocated federalism are declaring their hostility to the government, and the current favoring autonomy seems to be rapidly increasing, particularly in Catalonia, Biscay and Andalusia.

The financial embarrassments of the government meanwhile are growing, and the Carlists now declare they will take up arms so soon as the treaty of peace is signed.

Santander, Spain, Sept. 22.—The Anchor line steamer City of Rome, chartered by Admiral Cervera to transport to Spain the Spanish sailors captured at the battle of Santiago, who were recently released by the United States authorities, arrived here on Wednesday from Portsmouth, N. H., whence she sailed on Sept. 12. Capt. Eulate, the former commander of the Spanish cruiser Vizcaya, and the other Spanish naval officers landed, and were mistaken for a party of which Admiral Cervera was a member. The latter, however, was still on board the City of Rome, but a crowd of people followed and cheered for Admiral Cervera. Capt. Eulate refused to make any statement for publication, declaring he reserved what he had to say for the court-martial.

When the train conveying Gen. Toral arrived at the station at Bojar a crowd which had gathered insisted that the general should show himself. Upon his doing so the gathering loaded him with insults. Gen. Toral, who is ill with fever, uttered a few excuses and beat a retreat in order to avoid being struck.

Admiral Cervera, while at Santander, in thanking the authorities for coming on board the steamer to receive him, dwelt with bitterness upon the situation of the marines, who, upon returning after doing their duty, find such an unjust atmosphere of public opinion.

Legislation Against Anarchists.

Berlin, Sept. 22.—The Hamburger Nachrichten, discussing editorially the possible means of suppressing or repressing anarchy, declares itself in favor of a law for Germany similar to the Illinois statute as to accessories, under which it has been held that the intellectual author of a crime is equally responsible with the actual agent. It also comments favorably on the New York statute forbidding the publication of descriptive reports of executions of the death penalty.

Chili and Argentine Trouble.

London, Sept. 22.—A dispatch to the Times from Santiago de Chili says the differences between Chili and the Argentine republic have not been settled. Up to Tuesday the latter country refused to agree to an unrestricted arbitration of the boundary dispute. The situation is rapidly becoming untenable. The reports of a settlement of the dispute are regarded as being made by interested parties.

To Ignore the Chicago Platform.

New York, Sept. 22.—In a conference of democratic leaders, held Wednesday, a draft to be adopted by the democratic state convention was agreed on. The platform, it was announced after the conference, is devoted entirely to state issues and contains no mention of the national platform of 1896.

Morgan to Lead in Connecticut.

Bridgeport, Conn., Sept. 22.—The Connecticut democratic state convention unanimously nominated for governor ex-United States Treasurer Daniel N. Morgan of Bridgeport. The committee on resolutions' majority report, which was adopted, was a victory for the gold men.

Iowa Has a Big Day at Omaha.

Omaha, Neb., Sept. 22.—Iowa day at the exposition was a distinct success. Twenty-five thousand citizens of that state crowded the grounds. Their friends from other states were present. Altogether it is believed the high-water mark in the attendance was reached, 100,000.

Liquor Men Choose Officers.

Rock Island, Ill., Sept. 22.—The nineteenth annual convention of the State Liquor Dealers' Protective association ended Wednesday. Peoria secured the next convention. The old officers were re-elected. Fred Rohde, Chicago, is president.

Bayard Slightly Improved.

Boston, Mass., Sept. 22.—The Hon. Thomas F. Bayard's condition shows some improvement. The patient passed a very restless day, but late Wednesday afternoon rallied somewhat and is resting very comfortably.

Yellow Jack in New Orleans.

New Orleans, La., Sept. 22.—The Louisiana state board of health reported one case of yellow fever in New Orleans Wednesday, making five in all.

PINGREE AT THE HEAD.

Renominated for Governor by the Republicans of Michigan.

Detroit, Mich., Sept. 22.—Gov. Pingree was renominated unanimously for a second term by the republican state convention that met Wednesday. There was absolutely no opposition, although among the 1,091 delegates there were many who were antagonistic to the "friend of the people." These ignored him in their speeches.

Senator O. W. Robinson of Houghton was nominated for lieutenant-governor, the vote being: Robinson, 596; Gerritt J. Diekema, 487; blank, 4. This was the only nomination before supper, and the convention adjourned until 8:30 o'clock.

The platform adopted by the convention indorses the national administration, William McKinley, the conduct of the war, Secretary of War Alger, the St. Louis platform, the return of business prosperity, the Dingley bill, Gov. Pingree and the state administration and the Atkinson equal-taxation reform measure.

A feature of the platform is a declaration in favor of the establishment of a state bureau of immigration.

Pingree men largely outnumbered the others on the resolutions committee. When the resolutions were reported to the convention they were unanimously adopted without debate.

The platform congratulates the country upon returning prosperity under republican rule and the operation of the Dingley law; offers honor and devotion to the volunteers from Michigan in the war; congratulates the nation upon its land and sea victories, and leaves the future destiny of the peoples over whom the nation has gained control through the war confidently in the hands of the properly delegated authority. The administration of Gov. Pingree is commended, especially his care and energy in equipping and caring for the interests of the troops and their families. The paragraph concerning the taxation is as follows:

"We commend the present state administration for its earnest efforts in favor of the equal and just taxation of the property of railroad, telegraph, telephone and express companies. We favor the immediate repeal of the tax upon the gross earnings of the railroad, telegraph and express companies' property. This value to be determined by a state board. The taxes collected therefrom shall be paid into the primary school fund. We indorse the principles of the Atkinson bill and pledge the support of the republican party thereto.

"We favor also the readjustment of the assessment laws of this state, so that all taxable property shall be placed upon the assessment rolls at a just value and be taxed equally with all other taxable property in the state."

The convention reassembled at 8:20 o'clock, made the remainder of the nominations and finished its work at midnight. Gen. Arthur F. Marsh of Allegan, a Pingree man, was chosen chairman of the state central committee.

Paintings Lost on La Bourgogne.

Several valuable pictures on their way back to France went down in La Bourgogne, the most important of them being "Crossing the Ford," by Jules Dupre, which was worth \$15,000 and had been bought by Georges Petit, together with the "Zuiderzee" of Cazin and two canvases by Vibert, the total loss amounting to about \$20,000, which was covered by insurance.

Bob Evans' Real Story.

Here is Capt. Evans' real account of the destruction of Cervera's fleet, with the profanity that attests its genuineness: "After the battle the newspaper boats came around and asked the captain, 'What ship did you concentrate four fire upon?' to which the captain replied, 'No particular one; we only started on the leader, and finished the whole damn lot of them.'—Boston Globe.

Sir George Scott Robertson.

Sir George Scott Robertson, British agent in Kashmir, has had his full share of adventure as doctor, diplomatist and soldier. On one memorable occasion he was cooped up with a mere handful of men in a tiny fort, where he was beleaguered for six weeks by some thousands of the Chitral. With remarkable skill he resisted all their assaults, and, although he was knocked over by a rifle-ball he held the fort until succor arrived. Probably no other Britisher has Sir George's knowledge of, or power over, the hill tribes of India.

HOW TO PLEASE.

"Tis not so difficult to please,
As many men suppose.
Urduity will always charm,
As every lady knows.

"Companionship our nature seeks,
We all affection crave.
Tis natural for us to love
The gifted and the brave.

"We turn a kindly eye on each
When first we chance to meet
Till some unguarded, selfish act
His arts to please defeat.

"A man refined, with nature kind,
Makes friends where'er he goes.
His gentle ways and gentle smile
A grace around him throws.

"Who wishes truly to be loved
Should be what he would seem.
Good humor, honor, sympathy,
Must in his features beam."

Thus spoke my ladylove. "Ah, me,
My hopes," said I, "you freeze!"
"Farewell!" she whispered, "do not then
But stay. Do as you please!"

Indians as Runners.

General Crook is quoted by Edward S. Ellis as having seen an Apache lope for 1,500 feet up the side of a mountain without showing the first sign of fatigue, there being no perceptible increase of respiration. Captain H. L. Scott of the Seventh cavalry has related some astonishing feats performed by the Chinleapah Apaches forming Troop L of his regiment. He tells how nine of those Indians, after a hard day's work, by way of recreation, pursued a coyote for two hours, captured the nimble brute and brought it into camp; how, on another occasion, the scouts gave chase to a deer, ran it down some nine miles from camp and fetched it in alive.

Hence I see no good reason for doubting the word of an old timer I met in the Rocky mountains, who told me that, in the days before the Atlantic and Pacific railroad was built, the Pima Indians of Arizona would recover settlers' stray horses along the overland trail by walking them down in the course of two or three days. After this one may begin to believe that "Lying Jim" Beckworth, whose remarkable adventures early in this century are preserved in book form, was a much maligned man, and that he spoke no more than the truth when he said he had known instances of Indian runners accomplishing upward of 110 miles in one day.—Lippincott's.

UNSCRUPULOUS THIEVES.

Steal Gold, Silver and Jewels From a Sacred Altar.

A most audacious theft has just been committed at the cathedral of Perugia. The guard was going his rounds about 4 o'clock in the morning, when he perceived a door opening into the cloisters was open. He at once informed the authorities, who found that several objects of great value were missing, says the Boston Herald. The glass over an image of the virgin had been broken and the diamond coronet stolen. This was a present from the ladies of Perugia forty-three years ago. The thieves also took away all the "vows," those articles given to the Madonna or some saint by the faithful, for some favor received, often legs, arms, hearts, eyes, this meaning that the giver had recovered the use of the same by the saint's intercession. They had all been removed, as being of precious metal, they were of considerable value. From another virgin they took a silver crown, and in order to get a ruby ring had broken a finger. It is hoped these "thieves" will not put these valuables to any base use, but will sell them for the needy money with which to buy bread for the starving people of Italy. The "removal" of these valuables has caused a great hubbub in Perugia, where every effort is now being made to recover them, but the result is doubtful.

Smooth Roads and Traffic.

The increase of efficiency in vehicles having a smooth surface on which to travel is very great. Perfect rails are a necessity for the steam engine, and a smooth roadbed is essential if high speed is to be obtained. The motor carriage, which has already become an established fact abroad, depends for its efficiency on good road surface. The bicycle gains enormously in ease of propulsion, in speed and in adaptability to new fields of usefulness by having good roads. About these three there is no dispute, but it seems necessary to prove by argument, illustration and statistics that carriages, wagons, trucks, carts and all other vehicles are equally benefited by a smooth traveling surface.—Exchange.

PLAN TO REDUCE THE ARMY.

More Volunteer Regiments to Be Mustered Out.

TROOPS NO LONGER NEEDED.

War Department Has Ascertained the Number of Soldiers Required for Garrison Duty—One More Illinois Command to Come Home.

Washington, Sept. 22.—A further reduction in the size of the volunteer army will soon take place. The war department is about satisfied that the present volunteer force is larger than actually needed to maintain the policy of the administration.

Now that the exact number of troops necessary to garrison the acquired territory has been agreed upon, it is found that a large number of men will be obliged to remain in the different military camps in the United States unless more regiments are mustered out.

These troops are now stationed at Lexington, Ky.; Anniston, Ala.; Knoxville, Tenn.; Middletown, Pa.; Huntsville, Ala.; and Jacksonville, Fla. It is not the intention of the administration to greatly reduce this force, but all regiments not actually needed will be ordered mustered out.

One more Illinois regiment will probably be mustered out under the second reduction of the volunteer army. Just which regiment this will be cannot be ascertained, but the Second, now at Jacksonville, will possibly be selected.

There are some regiments that do not relish the idea of garrison duty in Cuba or Porto Rico, and who wish to be discharged from the army and allowed to go home. There are still other regiments which, realizing that all of the volunteer troops cannot be sent to our new possessions, do not want to be retained in the camps in the United States until their time of enlistment expires.

As near as possible such regiments will be mustered out, because the war department does not want to retain in the army troops who are discontented. Of course, all the discontented regiments cannot immediately leave the service, as the present plan is to reduce the army pro rata according to states. But the war department will see that in the selection of the regiments to be mustered out the ones that are dissatisfied will be chosen.

The states that have so far not had any of their troops mustered out will be given the preference, because the war department wishes to have the regiments retained in the service equally distributed among the states according to the quota furnished. A number of the states, however, will have one or more of their regiments mustered out. As has been before stated, these regiments will be the ones that are anxious to be released from the service.

WANTED TO ATTACK HAVANA.

Gen. Lee Is Amused by Blanco's Confidence in the Spanish Army.

Kansas City, Mo., Sept. 22.—Under a Jacksonville, Fla., date the Star prints an interview with Maj.-Gen. Fitzhugh Lee, in which that officer is quoted as saying:

"All statements that I expected to go to Santiago or to Porto Rico, and that I was disgruntled because I did not go, are false. I told Gen. Miles that I was a soldier and had no favors to ask, but I had the strongest desire to go to Havana with my troops. It amuses me to hear of Gen. Blanco's expressed regret that he did not have a chance to try conclusions with the Americans before peace was declared. Gen. Blanco is not a soldier. He is unfit physically to command. He knows absolutely nothing of modern military tactics. I know him personally and would like nothing better than to move against Havana with my corps alone. We could run over Blanco and his army without trouble and without the assistance of any other troops of the Seventh corps."

Col. Bryan Reaches Washington.

Washington, Sept. 22.—Col. W. J. Bryan of the Third Nebraska volunteers reached Washington Wednesday evening from Jacksonville. He is here to meet Gov. Holcomb of Nebraska, and together they are expected to exert influence to have the Third Nebraska mustered out. The regiment at present is slated for service in Cuba or Porto Rico on garrison duty.

Lee's Corps Goes to Cuba Soon.

Camp Cuba Libre, Jacksonville, Fla., Sept. 22.—It is announced authoritatively that preparations will begin in a few days to move the Seventh army corps from Jacksonville to Cuba. The order making Jacksonville a permanent military camp has been rescinded. The citizens will take steps to retain the camp.

Only One Death at Santiago.

Washington, Sept. 22.—Gen. Lawton's report of the health condition of the American troops at Santiago indicates a distinct improvement. The number of sick has been reduced more than 400 during the last two days, and only one death is reported.

Typhoid at Lexington.

Lexington, Ky., Sept. 22.—There are now 178 cases of typhoid fever in the division hospital. The surgeons say the germs were brought from Chickamauga.

First Illinois Lost Seventy Men.

Chicago, Sept. 22.—The First regiment has lost seventy men by death, according to latest reports, and there are two more reported as dead and several missing.

MINES ARE CONDEMNED.

State Examiners Make Declaration in Court Touching Pans.

Pana, Ill., Sept. 22.—In the supreme court last night the state mine examiners, Walton, Rutledge and John Williams, who inspected the three Pana mines Tuesday, filed affidavits condemning the mines and declaring their operation in their present condition was in complete violation of the state law. This throws the case into court again.

Attorney C. C. Leforge of Decatur, the miners' attorney, was here last night and finished details for having the final hearing of temporary injunctions asked for in the circuit court and decided by Judge Dwight. Hearing will be had at the present term of court.

Mine Inspectors Rutledge and Williams returned to Pana Wednesday to make a full examination of Alabama negroes working in the mines. They stated that the blacks' affidavits would not be accepted and that they would be required to produce proof by actual mining in the presence of the examiners before being permitted to enter the mines in future. Two-thirds of the negroes, it is alleged, are inexperienced men, and they will be restrained by law from working in the mines.

Sheriff Coburn has reduced his force of special deputies to fifty men. No deputies are now kept on regular duty in the business streets. The sheriff says he looks for no further trouble, but has a reserve force of deputies ready to act in case of outbreak.

For Territorial Expansion.

Tacoma, Wash., Sept. 22.—The republican state convention nominated their ticket here Wednesday. The platform adopted contains the following planks:

"We endorse the conduct and administration of President McKinley relating to the measures and events which led to the war with Spain and the conduct of the war throughout, and are now in favor of retaining all conquered territory."

"We favor the existing gold standard and oppose the free and unlimited coinage of silver."

Arrest for Men Complaining.

Indianapolis, Sept. 22.—Gov. Mount is in receipt of a letter from Col. W. T. Durbin of the One Hundred and Sixty-first Indiana regiment, now at Jacksonville, Fla., in which the writer says he has taken steps to bring to trial the men who have been writing letters home making complaints that the volunteers are being starved. The colonel says there is no truth in these stories.

Miners Offer to Arbitrate.

Pana, Ill., Sept. 22.—In the presence of State Mine Inspectors Rutledge and Williams President Hunter Wednesday made a proposition to arbitrate the dispute in behalf of the Pana miners, to operators George V. Penwell, D. J. Overholt and Julius Broehl of the three mines. Penwell refused to consider the offer, but Overholt and Broehl said: "We will think the proposition over."

No Tidings From Kitchener.

London, Sept. 22.—Inquiries made at the British foreign office show that news has been received in the shape of news from Gen. Sir Herbert Kitchener since he left Omdurman. News from the British commander is momentarily expected, however; and it will doubtless be in the nature of the guesses made, namely, that the Egyptian flag is now flying over Fashoda.

Floods in Spain Bring Death.

Madrid, Sept. 22.—The southern part of Spain has been visited by terrible floods. At the village of Herrova, near Cadiz eighty persons have been drowned. A great number of cattle have perished and the olive harvest is lost, especially in the provinces of Seville and Granada. There have been many deaths in other parts of the flooded country.

Noel Extends the Time.

Candia, Crete, Sept. 22.—Realizing the difficulties attending compliance with his demand for the surrender of the arms of the Mussulmans, Admiral Noel has extended the time for the turning over of their arms to him. The Russian admiral has suggested the disarmament of all the Cretans throughout the island.

Cattin Miners Strike.

Danville, Ill., Sept. 22.—Two hundred miners went out on a strike at Cattin Wednesday. They repeat that they top men shall be members of the union. It is the first strike Cattin has had in many years. The men earn from \$2 to \$4 per day.

FOUR BOXES DID IT.

Remarkable Success of a New Pile Cure

People who have suffered for years or months from the pain and inconvenience of common disorder, piles, will look with skepticism upon the claims of the makers of the new discovery for cure of all forms of piles, known under the name of Pyramid Pile Cure: nevertheless the extraordinary cures performed by this remedy are such as to warrant the investigation of any sufferer. As a case in point the following letter speaks for itself.

Mr. Henry Thomas of sub-division station No. 3, Hosack Ave., Columbus, Ohio, writes as follows:

Pyramid Drug Co.: Gentlemen—I want you to use my name if it will be of any use to you. I was so bad with the piles that I lost work on that account. Nothing did me any good. I read in Cincinnati of the many cures of piles by the Pyramid Pile Cure and went to a drug store and asked for it. The drug told me he had something else that he thought was better, but I told him that I wanted to try the Pyramid first.

The first box helped me so much that I another and then to complete the cure used two more boxes, making four in all. I am now completely cured. Have not a trace of piles and I had suffered four years with the worst form of protruding piles.

I have suffered death from piles, but I have found the Pyramid Pile Cure to be just as represented. I have recommended it to several of my friends and I am thankful to be able to write you what good the remedy has done for me.

Physicians recommend the Pyramid Pile Cure because it contains no opium, cocaine, or mineral poison of any kind, and because it is so safe and pleasant to use, being painless and applied at night. The patient is cured in a surprisingly short time with no inconvenience whatever.

The Pyramid Pile Cure is sold by druggists at 50 cents per package, and if there is any constipation it is well to use the Pyramid Pills at the same time with the Pile Cure, as constipation is very often the cause of piles and the pills effectually remove the costive condition. Price of Pills is 25 cents per package.

We to Pyramid Drug Co., Marshall Michigan, for little book on cause and cure of piles, sent by mail free.

WHY USE

Pond's Extract Ointment IS UNEQUALLED FOR PILES.

Why not something else?

Because Dr. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used." Dr. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best." Dr. J. C. MITCHELL says: "Pond's Extract of Hamamelis Virginia is the only reliable article I have found." Dr. H. K. WELLS says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar." Dr. H. F. MERRILL says: "It is far superior to any I have used in strength and purity." Dr. R. J. HARRISON says: "I have never found any extract equal to Pond's." Dr. POWELL says: "Hereafter I shall use no other than Pond's Extract."

And numerous others of similar purport.

POND'S EXTRACT CO., 76 Fifth Avenue, New York.

And that's why.
